

DeskBnB

digital hub
definition of enterprise automation

Work independently. Not alone.

A social coworking platform connecting remote workers, freelancers, and independent professionals.

Make remote work more human.

Find people nearby to share your working day with. Everyone works on their own projects, then connects over coffee, lunch and everyday conversation.

HOW IT WORKS

- 1 Discover**
Find nearby sessions
- 2 Join or host**
Home or public space
- 3 Work**
Focus on your own tasks
- 4 Connect**
Coffee, lunch & ideas

WHO IS IT FOR?

- **Remote employees**
A social alternative to working from home alone.
- **Freelancers**
Keep your independence and regain everyday interaction.
- **Self-employed & founders**
Work, exchange ideas and grow your local network.

WHO IS IT FOR?

- **Stay productive**
Keep the flexibility of remote work.
- **Make work social**
Bring back coffee breaks and lunch conversations.
- **Meet naturally**
Network without the pressure of networking events.

COWORKING WITHOUT THE COWORKING OFFICE

Traditional coworking asks, "Where can I rent a desk?" DeskBnB asks, "Who would you like to work around today?" You don't need the same employer, project or profession.

Your work stays independent. Your working day becomes social.

Ready to work differently?

Join a session. Host your own. Meet people while getting work done.
